BE A CYBERSMART HOLIDAY SHOPPER

CONDUCT RESEARCH
When using a new website for purchases, read reviews to see if consumers have had positive experiences.

PROTECT YOUR MONEY!
When shopping online, make sure the site is security enabled. Look for URLs with https:// to help secure your information.

WHEN IN DOUBT, THROW IT OUT
Links in emails, posts and texts are often how cybercriminals try to steal information or infect devices.

GET SAVVY ABOUT WI-FI HOTSPOTS
Limit the type of activity you conduct on public wireless networks when shopping on the go.

GET TWO STEPS AHEAD
Turn on two-step authentication on key accounts like banking, medical and email.
