Keep it Safe

Keep computers & electronic devices SAFE when you travel.

- ☑ **Encrypt and password-protect your computer and all devices.**
- ☑ **Connect securely - avoid free Wifi and use a VPN.**
- ☑ **If you are going abroad, the computer you take should contain minimum information, i.e. not a regular work computer.**
- ☑ **Don't leave your devices unattended - keep them with you.**
- ☑ **Wait to get home before posting photos or comments about your trip to social networking sites.**
